Length:: 0:42 Mins The iPad 2 was a great device. Nevertheless, the release of the New iPad brings forth a new question: Should you buy the now cheaper iPad 2? There are many factors to be considered.

----- Well folks, it's finally -----
here. The long awaited (long debated) iPad 3. Apple of course killed the "iPad HD" rumors that were floating around the blogosphere with their formal announcement – and at tha

I was excited to find the Fire, after having enjoyed the Kindle – but as an "older" reader I certainly enjoyed the ease of the Kindle on my eyes.

Actually, I purchased the Kindle because it was highly

----- I love the Kindle Fire -----
The colors are bright and everything is clear on the screen Last year I purchased the Kindle Reader and still have it although its not in use The reader had two features the Kin
